

MILANO™

This impressive bioethanol fireplace offers an ultra-modern take on the looks of a traditional fireplace. The decoflame® Milano™ offers a luxurious “all-in-one” solution as it comes complete with a metal surround, insert, basket and either a manual burner or the decoflame® e-Ribbon Fire™ – featuring the latest technology in bioethanol burning.

The surround/mantelpiece can be made as shown here in polished stainless steel with a black insert background and basket with highly polished stainless steel décor. But other options like brushed stainless steel, or with a powder-coated surround are available.

This complete fireplace model comprises:

- metal mantelpiece/surround
- insert
- basket with decoflame® Denver e-Ribbon Fire™
