

# DENVER E-RIBBON FIRE™ ROUND

The Denver e-Ribbon Fire™ Round is one of the smallest, most versatile electronically controlled fires in the decoflame® range of indoor fire models. Although smaller in size, it incorporates all technical features of a decoflame® e-Ribbon Fire™ in linear shape.

The lively moving flames, which are reflected in the beautiful stainless steel finish of the base plate, are surrounded by a toughened glass cylinder of 10mm thickness.

<b>Materials</b>	Powder-coated steel or brushed stainless steel and hardened, optic-white glass
<b>Min. dimensions (DxH)</b>	Ø530x250mm (excl. glass)
<b>Flame tray size</b>	Ø85mm
